Add a message: Hi Dorit, I was touring the Hotel ZaZa in Austin this past week and was amazed by your artwork--the quality and breadth was really stunning. My wife and I have to kids, 12 and 14, and it would be such a joy to see a portrait of them created by you. If this is something you do, please let me know!

Best,

Jim

Dorit!

Hello and hope you are well. We are loving the portrait you created for us! In fact, it would be great if you could create one for a friend of mine. Would that be possible? Attached is a picture of his 2 kids that you could work from.

Look forward to hearing from you!

Best,
Jim
